

VICENTE ESTAY VALDIVIA

Computer and Information Systems Engineer

Viña del Mar, Valparaíso, Chile | +56 9 7404 3132 | vjestayvaldivia@gmail.com

[linkedin.com/in/vicente-estay](#) | Portfolio: [vicenteestay.vercel.app](#)

Computer and IT Engineer (UNAB) with academic excellence (GPA 6.4, Best Student 2024). Practical experience in Full Stack development, IoT, and mobile applications, highlighting a 2nd place finish at ExpoSmart 2025 with the AquaStat project. Certified in networking and cybersecurity, with continuous development in these areas. Proactive and results-oriented, seeking opportunities to apply knowledge in software development or Cloud infrastructure.

PROFESSIONAL EXPERIENCE

Desarrollador Full Stack Universidad Andrés Bello – Edurun App	Jan 2026 – Feb 2026 Viña del Mar
- Planning and Development of an Educational Platform oriented toward detecting AI-generated plagiarism in assessments. - Developed with Vue and FastAPI, deployed on AWS with CI/CD, and orchestrated with Docker. - API Development for chatbot integration, utilizing Ollama, Qwen, and RAG. - Agile development process (SCRUM) oriented toward compliance with OWASP Top 10.	
Ref: Matías Vargas Marín, Teacher & Project Manager, +56 9 7211 4609.	
Full Stack Developer & Creator (Capstone Project) Universidad Andrés Bello – AquaStat Project	Aug 2025 – Dec 2025 Viña del Mar
- Led the full development of "AquaStat", a reservoir monitoring system based on IoT and Cloud services (AWS). - Achieved 2nd place at the ExpoSmart 2025 Technology Fair (UNAB) for the project's innovation and technical viability.	
University Intern – Mobile Development DreamCo SpA	Jan 2024 – Feb 2024 Valparaíso
- Development and optimization of mobile applications using FlutterFlow, ensuring high performance and stability standards. - Conducted quality assurance (QA) testing in production environments, identifying critical bugs and improving user experience.	

EDUCATION

Bachelor's Degree in Computer and Information Engineering Universidad Andrés Bello	Graduated: Feb 2026 Viña del Mar
Academic Honors: GPA 6.4/7.0. Awarded "Best Student 2024" of the program. Activities: Technical volunteering in rural areas and technology project implementation for local schools.	

SKILLS & CERTIFICATIONS (SEE PORTFOLIO)
