Viña del Mar, Chile

Professional Summary

Computer Engineering graduate (Andres Bello University, 2026, 1st place among graduates, Best Student 2024) with hands-on experience in Full Stack development, AWS cloud infrastructure, IoT systems, and AI integration. **2nd place out of 20 teams at ExpoSmart 2025** with capstone project AquaStat. Certified in cybersecurity (Google) and data science (IBM). Seeking a first professional role to contribute with Python, FastAPI, Docker, and AWS on real-world projects.

Professional Experience

Full Stack Developer — Internship January – February 2026
Universidad Andrés Bello (Edurun App) *Viña del Mar, Chile*

- Participated in the development of an anti-plagiarism platform integrated with Canvas (LMS) for programming assessments: each session runs in an isolated Docker container per student, orchestrated on AWS EC2 and Lambda.
- As part of the team, implemented a real-time traceability system tracking tab changes and copy/paste attempts, with automatic closure on fullscreen exit.
- Integrated a RAG chatbot using Ollama + Qwen, with responses restricted to course content. Landing page built with Astro and deployed on Vercel.
- Backend built with FastAPI + PostgreSQL, frontend with Vue.js, following OWASP Top 10 guidelines. Agile methodology using Scrum and Taiga.

Full Stack Developer — Capstone Project August – December 2025
Universidad Andrés Bello (AquaStat) *Viña del Mar, Chile*

- Led the design and development of an IoT system with 2 solar-powered nodes equipped with pH, electrical conductivity, and temperature sensors for water monitoring in crops.
- Full stack: ESP32, MQTT, AWS IoT Core, MongoDB Atlas, FastAPI, and Vue.js orchestrated with Docker.
- **2nd place out of 20 projects at ExpoSmart 2025** for innovation and technical viability.

Intern — Mobile Development January – February 2024
DreamCo SpA *Valparaíso, Chile*

- Developed 5 main views of a mobile app using FlutterFlow and Firebase; QA in production environment.
- Integrated the OpenAI API and an emergency call system into the Test Drive app.

Education

Bachelor's Degree in Computer and Information Engineering Expected: April 2026
Universidad Andrés Bello *Viña del Mar, Chile*

- GPA: 6.4/7.0 — Best Student 2024.
- Technical volunteer work in rural areas.

Technical Skills

Languages	Python, SQL, Bash, TypeScript
Frameworks & Backend	FastAPI, Vue.js, Node.js
Databases	PostgreSQL, MongoDB
Cloud & DevOps	AWS (EC2, Lambda, IoT Core), Docker, Nginx, CI/CD, Linux
IoT & Hardware	ESP32, Arduino, Raspberry Pi, MQTT
AI & Security	RAG, LLMs, Ollama, Qwen, OWASP Top 10
Tools	Git, GitHub, Taiga, Postman, Jira, Bitbucket, Excel, MS Office
Languages	Spanish (native), English (intermediate, advanced technical reading)

Certifications

Google Cybersecurity Professional Certificate | *Google / Coursera* Mar 2026
- 133 hours. Security fundamentals, networks, Linux, SQL, Python for security, and SIEM.

IBM Data Science Professional Certificate | *IBM / Coursera* Apr 2025
- 160 hours. Python, Pandas, Machine Learning, SQL, data visualization, and applied projects.

Cisco: Networking Basics Certificate | *Cisco Networking Academy* Jul 2024
- Networking fundamentals including subnetting, routing, switching, and network protocols.

Cisco: Introduction to Cybersecurity | *Cisco Networking Academy* Nov 2025
- Core cybersecurity concepts including threat detection, attack types, vulnerability management, and security best practices.

Python Course | *FreeCodeCamp* Jun 2026
- 300 hours. Certification focused on data structures, object-oriented programming, and algorithm development.

B1 English for Developers | *FreeCodeCamp* Jun 2026
- Certification demonstrating competence in grammar, listening, and reading portions of the CEFR standards.

Currently pursuing: AWS Cloud Practitioner • Terraform

Featured Projects

Banubot | *React, Node.js, FastAPI, MongoDB, Docker*
- Open source educational robot with an interactive web interface. Microservices architecture with Docker Compose.

Test Drive | *FlutterFlow, Firebase, OpenAI API*
- Mobile app for driver's license exam preparation with AI-generated questions and integrated emergency calling.
